Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Bokkisim Devi Sree
Overall Team Coordination Rating (1-5)	5/5
Any issues during demo	Minor delay while loading responses from the Google Gemini API due to internet connectivity.
How issues were resolved	Stable internet connectivity was ensured, API requests were retried successfully, and the demonstration continued without affecting the overall presentation.

Team Participation Summary:

Both team members actively participated in the project demonstration. Responsibilities were divided equally between backend implementation, frontend presentation, AI module explanation, and live feature demonstration. The project workflow, system architecture, API endpoints, AI modules, and functional testing were explained clearly. Effective coordination between team members ensured a smooth and successful project presentation.
